## GENERAL INFORMATION

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors (the "Board") of Repligen Corporation ("Repligen" or the "Company") for use at the Annual Meeting of Stockholders (the "Annual Meeting" or the "Meeting") to be held on Tuesday, September 27, 2011 at the time and place set forth in the Notice of Annual Meeting, and at any adjournment or postponement thereof.

Repligen's Annual Report to Stockholders, containing financial statements for the fiscal year ended March 31, 2011, is being provided together with this proxy statement to all stockholders entitled to vote at the Meeting. It is anticipated that this proxy statement and the accompanying proxy will be first sent or given to stockholders on or about August 5, 2011.

### Voting

Stockholders may vote in person or by proxy by completing, signing, dating and returning the accompanying proxy card or by voting by telephone or via the Internet in accordance with the instructions listed on the proxy card. Execution of a proxy will not in any way affect a stockholder's right to attend the Annual Meeting and vote in person.

Any proxy given pursuant to this solicitation may be revoked by the person giving it any time before the taking of the vote at the Annual Meeting. Proxies may be revoked by: (1) giving written notice of revocation to the Secretary of Repligen at any time before the taking of the vote at the Annual Meeting; (2) duly executing a later-dated proxy relating to the same shares and delivering it to the Secretary of Repligen or by telephone or the Internet, in accordance with the instructions listed on the proxy card, before the taking of the vote at the Annual Meeting; or (3) attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not in and of itself constitute a revocation of a proxy). For those stockholders who submit a proxy by telephone or the Internet, the date on which the proxy is submitted in accordance with the instructions listed on the proxy card is the date of the proxy. Any written notice of revocation or subsequent proxy should be sent so as to be delivered to Repligen Corporation, Attention: Secretary, 41 Seyon Street, Building #1, Suite 100, Waltham, Massachusetts 02453, at or before the taking of the vote at the Annual Meeting.

Each of the persons named as attorneys in the proxies is a director, officer and/or employee of Repligen. All properly executed proxies returned in time to be counted at the Annual Meeting will be voted as stated below under the heading "Voting Procedures." Any stockholder submitting a proxy has the right to withhold authority to vote for any individual nominee to the Board by writing that nominee's number on the space provided on the proxy card, checking the box next to the name of such individual if voting by proxy via the Internet or, if using the telephone to vote by proxy, by following the verbal instructions for entering the two digit number appearing on the proxy card immediately before the name of such individual. Where a choice has been specified on the proxy with respect to a matter, the shares represented by the proxy will be voted in accordance with the specifications and will be voted FOR if no specification is indicated, as permitted by applicable regulations and by Repligen's corporate documents.

Other than (i) the election of directors (ii) the ratification of Ernst & Young LLP, (iii) the advisory vote regarding the compensation of our named executive officers and (iv) the advisory vote on the frequency of future advisory votes on the compensation of our named executive officers, the Board knows of no other matters to be presented at the Annual Meeting. If any other matter should be presented at the Annual Meeting upon which a vote properly may be taken, shares represented by all proxies received by the Board will be voted with respect thereto in accordance with the judgment of the persons named as attorneys in the proxies.

### **Important Notice Regarding the Availability of Proxy Materials for the Stockholder Meeting to be Held on September 27, 2011**

**The Company's 2011 Annual Report and this Proxy Statement are available at [www.proxyvote.com](http://www.proxyvote.com).**

## **Voting Procedures**

The representation, in person or by proxy, of at least a majority of the outstanding shares of Common Stock entitled to vote at the Annual Meeting is necessary to constitute a quorum for the transaction of business. Shares represented by proxies pursuant to which votes have been withheld from any nominee for director, or which contain one or more abstentions or broker “non-votes,” are counted as present or represented for purposes of determining the presence or absence of a quorum for the Annual Meeting. A “non-vote” occurs when a broker or other nominee holding shares for a beneficial owner votes on one proposal, but does not vote on another proposal because the broker does not have discretionary voting power and has not received instructions from the beneficial owner.

*Election of Directors.* Directors are elected by a plurality of the votes cast, in person or by proxy, at the Annual Meeting. The seven nominees who receive the highest number of affirmative votes of the shares present or represented and voting on the election of directors at the Annual Meeting will be elected to the Board. Shares present or represented and not so marked as to withhold authority to vote for a particular nominee will be voted in favor of a particular nominee and will be counted toward such nominee’s achievement of a plurality. Shares present at the meeting or represented by proxy where the stockholder properly withholds authority to vote for such nominee in accordance with the proxy instructions and broker “non-votes” will not be counted toward such nominee’s achievement of plurality.

*Ratification of Independent Accountants.* For the ratification of the appointment of Ernst & Young LLP as the Company’s independent registered public accounting firm for fiscal year 2012, an affirmative vote of a majority of the shares present, in person or represented by proxy, and voting on such matter is required for approval. Shares voted to abstain are included in the number of shares present or represented and voting. Shares subject to broker “non-votes” are considered to be not entitled to vote for the particular matter and have the practical effect of reducing the number of affirmative votes required to achieve a majority by reducing the total number of shares from which the majority is calculated.

*Advisory Vote on the Compensation of our Named Executive Officers.* For the advisory vote on the compensation of our named executive officers, the affirmative vote of the majority of shares present, in person or represented by proxy, and voting on that matter is required for approval. Shares voted to abstain are included in the number of shares present or represented and voting on each matter. Shares subject to broker “non-votes” are considered to be not entitled to vote for the particular matter and have the practical effect of reducing the number of affirmative votes required to achieve a majority for such matter by reducing the total number of shares from which the majority is calculated.

*Advisory Vote on the Frequency of Future Advisory Votes on the Compensation of our Named Executive Officers.* For proposal 4, the frequency that receive the highest number of affirmative votes of the shares present or represented and voting on the matter will be the frequency recommended by the Company’s stockholders. Abstentions and broker non-votes are not counted for the advisory vote on frequency of advisory votes on the Company’s executive compensation and, therefore, will have no effect on the outcome of the proposal.

*Other Matters.* The Board knows of no other matters to be presented at the Annual Meeting. If any other matter should be presented at the Annual Meeting upon which a vote properly may be taken, the affirmative vote of the majority of shares present, in person or represented by proxy, and voting on that matter is required for approval. Shares voted to abstain are included in the number of shares present or represented and voting on each matter. Shares subject to broker “non-votes” are considered to be not entitled to vote for the particular matter and have the practical effect of reducing the number of affirmative votes required to achieve a majority for such matter by reducing the total number of shares from which the majority is calculated.

## **Solicitation of Proxies**

The cost of solicitation will be borne by Repligen, and in addition to directly soliciting stockholders by mail, Repligen may request banks and brokers to solicit their customers who have stock of Repligen registered in the

name of the nominee and, if so, will reimburse such banks and brokers for their reasonable out-of-pocket costs. Solicitation by officers and employees of Repligen may also be made of some stockholders in person or by mail or telephone following the original solicitation. Repligen may, if appropriate, retain any independent proxy solicitation firm to assist Repligen in soliciting proxies. If Repligen does retain a proxy solicitation firm, Repligen would pay such firm's customary fees and expenses.

### **Record Date and Voting Securities**

Only stockholders of record as of July 29, 2011 (the "Record Date") are entitled to notice of and to vote at the Meeting and any adjournments or postponements thereof. As of the Record Date, the Company had 30,773,907 shares of common stock with a par value of \$0.01 ("Common Stock") outstanding and entitled to vote. Each outstanding share of Common Stock entitles the record holder to one vote.

## **CERTAIN RELATIONSHIPS AND RELATED PERSONS TRANSACTIONS**

No family relationship exists among the officers and directors of Repligen. The Audit Committee conducts an appropriate review of all related party transactions for potential conflict of interest situations on an ongoing basis, and the approval of the Audit Committee is required for all such transactions. The term “related party transactions” shall refer to transactions required to be disclosed by the Company pursuant to Item 404 of Regulation S-K promulgated by the SEC. There were no related party transactions during fiscal year 2011.

## **CORPORATE GOVERNANCE AND BOARD MATTERS**

### **Independence of Members of the Board of Directors**

The Board has determined that each of the directors who has served during the fiscal year ended March 31, 2011, with the exception of Dr. Herlihy, has no material relationship with the Company and is independent within the meaning of the Company's director independence standards and the director independence standards of The Nasdaq Stock Market, Inc. ("NASDAQ"). Furthermore, the Board has determined that each member of the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee of the Board is independent within the meaning of the Company's and NASDAQ's director independence standards and that each member of the Audit Committee meets the heightened director independence standards for audit committee members of the SEC.

### **Board Leadership Structure**

The Board is led by its Co-Chairpersons, Dr. Rich and Karen Dawes, both of whom are independent directors. Ms. Dawes was appointed as Co-Chairperson in July 2011. The Board believes that separating the roles of Chief Executive Officer and Chairperson (or Co-Chairpersons) of the Board is the most appropriate structure for the Company at this time. Having an independent Chairperson (or Co-Chairpersons) is a means to ensure that the Chief Executive Officer is accountable for managing the Company in the best interests of stockholders while, at the same time, acknowledging that managing the Board is a separate and time intensive responsibility. The Board also believes that having an independent Chairperson (or Co-Chairpersons) can serve to curb conflicts of interests, promote oversight of risk and manage the relationship between the Board and the Chief Executive Officer.

### **Executive Sessions**

The Board intends to hold executive sessions of the independent Directors at least two times per year preceding or following regularly scheduled in-person meetings of the Board. Executive sessions do not include any employee Directors of the Company, and the Chairpersons of the Board are responsible for chairing the executive sessions.

### **Policies Governing Director Nominations**

#### *Director Qualifications*

The Nominating and Corporate Governance Committee is responsible for reviewing, from time to time, the appropriate qualities, skills and characteristics desired of Board members in the context of the current make-up of the Board and selecting or recommending nominees for election as Directors to the Board. This assessment includes consideration of the following minimum qualifications that the Nominating and Corporate Governance Committee believes must be met by all Directors:

- Directors must be of high ethical character, have no conflict of interest and share the values of the Company as reflected in the Company's Code of Business Conduct and Ethics (the "Code of Business Conduct");
- Directors must have reputations, both personal and professional, consistent with the image and reputation of the Company;
- Directors must have the ability to exercise sound business judgment;
- Directors must have substantial business or professional experience and be able to offer advice and guidance to the Company's management based on that experience; and
- A Director must have (at a minimum) a bachelor's degree or equivalent degree from an accredited college or university.

The Nominating and Corporate Governance Committee also considers numerous other qualities, skills and characteristics when evaluating Director nominees, such as:

- An understanding of and experience in biotechnology and pharmaceutical industries;
- An understanding of and experience in accounting oversight and governance, finance and marketing; and
- Leadership experience with public companies or other significant organizations.

These factors and others are considered useful by the Board and are reviewed in the context of an assessment of the perceived needs of the Board at a particular point in time.

Neither the Nominating and Corporate Governance Committee nor the Board of Directors has a specific policy with regard to the consideration of diversity in identifying director nominees although they may consider the diversity of background and experience of a director nominee in the context of the overall composition of the Board of Directors at that time. This consideration may focus on diversity of knowledge, skills, experience, geographic location, age, gender, and ethnicity. Generally, the Nominating and Corporate Governance Committee seeks director nominees with the talents and backgrounds that provide the Board of Directors with an appropriate mix of experience, knowledge and skills that will best serve the Company's needs and objectives.

#### *Process for Identifying and Evaluating Director Nominees*

The Board is responsible for selecting and nominating nominees for election as Directors but delegates the selection and nomination process to the Nominating and Corporate Governance Committee, with the expectation that other members of the Board or members of management will be requested to take part in the process as appropriate.

Generally, the Nominating and Corporate Governance Committee identifies candidates for Director nominees in consultation with management, through the use of search firms or other advisers, through the recommendations submitted by stockholders or through such other methods as the Nominating and Corporate Governance Committee deems to be helpful in identifying candidates. Once candidates have been identified, the Nominating and Corporate Governance Committee confirms that the candidates meet all of the minimum qualifications for Director nominees established by the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee may gather information about the candidates through interviews, questionnaires, background checks, or any other means that the Nominating and Corporate Governance Committee deems to be helpful in the evaluation process. The Nominating and Corporate Governance Committee meets as a group to discuss and evaluate the qualities and skills of each candidate, both on an individual basis and taking into account the overall composition and needs of the Board. Based on the results of the evaluation process, the Nominating and Corporate Governance Committee recommends candidates for the Board's approval as Director nominees for election to the Board. The Nominating and Corporate Governance Committee also recommends candidates for the Board's appointment to the committees of the Board.

#### *Procedures for Recommendation of Nominees by Stockholders*

The Nominating and Corporate Governance Committee will consider Director candidates who are recommended by the stockholders of the Company. Stockholders, in submitting recommendations to the Nominating and Corporate Governance Committee for Director candidates, shall follow the following procedures:

The Nominating and Corporate Governance Committee must receive any such recommendation for nomination not later than the close of business on the 120th day nor earlier than the close of business on the 150th day prior to the first anniversary of the date that the proxy statement was delivered to stockholders in connection with the preceding year's annual meeting.

- A written statement from the stockholder making the recommendation stating why such recommended candidate would be able to fulfill the duties of a Director.

Repligen Corporation  
Attn: Secretary  
41 Seyon Street  
Building #1, Suite 100  
Waltham, MA 02453

- By facsimile at (781) 250-0115:  
Attn: Secretary

The Secretary of the Company will promptly forward any such nominations to the Nominating and Corporate Governance Committee. Once the Nominating and Corporate Governance Committee receives the nomination of a candidate, the candidate will be evaluated and a recommendation with respect to such candidate will be delivered to the Board. Nominations not made in accordance with the foregoing policy shall be disregarded by the Nominating and Corporate Governance Committee and votes cast for such nominees shall not be counted.

## COMPENSATION DISCUSSION AND ANALYSIS

### Overview

The Company's compensation philosophy is based on a desire to motivate its executive officers to enhance stockholder value, to provide a fair reward for this effort and to stimulate its executive officers' professional and personal growth. The Company believes that the compensation of its executive officers should align the executive officers' interests with those of the stockholders and focus executive officer behavior on the achievement of both near-term corporate goals, as well as long-term business objectives and strategies.

It is the responsibility of the Compensation Committee of the Board to administer the Company's compensation programs to ensure that it is competitive with other biopharmaceutical and biotechnology companies and include incentives that are designed to appropriately drive the Company's continued development. The Compensation Committee reviews and approves all components of the Company's executive officer compensation, including executive officer salaries, annual cash incentive compensation, long term incentive compensation and equity incentive compensation. The Committee recommends to the full Board for approval new equity-based plans and any material amendments thereto (including increases in the number of shares of Common Stock available for grant as options or otherwise thereunder) for which stockholder approval is required or desirable.

The Company's executive officer compensation consists of four key components: base salary, annual cash incentive compensation, long term incentive and equity incentive compensation. Each of these components is intended to complement the other, and taken together, to satisfy the Company's compensation objectives. The Compensation Committee considers a number of factors in setting compensation for its executive officers, including Company performance, as well as the executive's performance, experience, responsibilities and the compensation of similar positions in our peer group of similar companies. In general, the Compensation Committee has set total executive officer compensation at approximately the 25<sup>th</sup> percentile of biotechnology companies in our peer group based upon the Radford Global Life Sciences Survey, a publicly available compensation data subscription service (the "Radford Survey"). The Radford Survey included both publicly traded and privately held companies operating primarily in the biotechnology and other life science industries with 50 to 149 employees.

### Objectives of the Compensation Programs

The Company's compensation programs for its executive officers are designed to achieve the following objectives:

- salaries that are competitive with other biopharmaceutical and biotechnology companies with which the Company competes for talent, determined by comparing the Company's pay practices with these companies;
- annual cash and long-term incentive compensation that motivates the executive officers to manage the business to meet the Company's short- and long-term objectives; and
- equity incentive compensation to ensure that its executive officers are motivated over the long-term to respond to the Company's business challenges and opportunities as owners and not just as employees thereby aligning the executive officers' interests with those of stockholders.

### Executive Compensation

*Base Salary.* Each executive officer (except the Chief Executive Officer whose performance is reviewed directly by the Compensation Committee) has an annual performance review with the Chief Executive Officer, who makes recommendations on salary increases, promotions and equity and non-equity incentive awards to the Compensation Committee. The recommended salary increases are based on the executive officer's qualifications,

performance, experience, responsibilities and the publicly disclosed compensation of similar positions at companies in our peer group. For fiscal year 2011, the Company increased base salaries for Dr. Herlihy, Dr. Rusche, Dr. Witt and Mr. Kelly by 2.5%, 2.3%, 2.3% and 2.5%, respectively. The Company believes that the base salaries paid to the executive officers during fiscal year 2011 achieved its compensation objectives.

*Annual Cash Incentive Compensation Plan.* The Company's executive officers are eligible to receive annual cash incentive compensation based on both corporate results and their own individual performance as measured against the goals set forth below (the "Plan"). The annual cash incentive compensation earned by each executive officer is determined by the Compensation Committee after the end of each fiscal year and calculated as a percentage of an executive officer's base salary.

The Company establishes the target amount of its annual cash incentive compensation at a level that represents a meaningful portion of the executive officers' current paid out cash compensation, and sets an additional threshold below the target levels and maximum performance levels which exceed the target levels. In establishing these levels, in addition to considering the incentives that the Company wants to provide to the executive officers, it also considers the annual cash incentive compensation levels for comparable positions within our peer group and our own historical practices.

The following were the overall Company Objectives for the Performance Period (April 1, 2010 through March 31, 2011):

1. Achieve key development program milestones
2. Financial performance against budget
3. Enhance organizational development

#### ***Plan Protocol***

The Compensation Committee will administer the Plan.

1. At the beginning of the year, the Chief Executive Officer, with assistance from senior management, proposes annual corporate goals, measurement criteria and weightings subject to review and approval by the Compensation Committee.
2. At year end, The Chief Executive Officer evaluates performance levels for the Plan in achieving these annual corporate goals which are subject to review and approval by the Compensation Committee. Specific bonus award recommendations for all Participants (except the Chief Executive Officer) are submitted to the Compensation Committee for review and approval.
3. The Compensation Committee will determine the size of the overall bonus pool based on the Company's performance against the above objectives and the target bonus figures.

#### ***Plan Payout***

The Compensation Committee is responsible for evaluating actual performance against the performance goals and determining the actual bonus award earned. The Chief Executive Officer submits a documented evaluation of the performance of each of the other participants to assist the Compensation Committee in its review. The Chief Executive Officer may submit proposed bonus awards to the Compensation Committee for its consideration. The Compensation Committee makes all final determinations regarding performance evaluations of participants and actual bonus awards. The performance criteria and determinations for fiscal year 2011 are discussed below under *Performance Criteria*.

The Company must attain a minimum of 60% of its goals for any payment to be made pursuant to the Plan, and the Compensation Committee may, at its discretion, elect not to pay bonuses. Should the Company achieve less than 60% of its goals, the Compensation Committee may elect to pay the individual portion of the incentive

award for exceptional personal achievement. Based on the proportion of corporate versus individual goals defined for each organizational level and position and the target incentive percentage, a final incentive payout is determined for each participant.

For fiscal 2011, the Company established a target annual cash incentive award for each of the executive officers, depending on their role, experience and objectives to be achieved as follows:

*Individual Annual Cash Incentive Targets*

	<u>Bonus Target as % of Salary</u>
Chief Executive Officer .....	50%
Vice President .....	30%

*Individual Annual Cash Incentive Targets*

	<u>Portion Tied to Corporate Results</u>	<u>Portion Tied to Individual Results</u>
Chief Executive Officer .....	100%	0%
Vice President .....	60%	40%

*Long Term Incentive Compensation Plan.* In addition to the Plan, in June 2009, the Compensation Committee established a long term incentive plan for the executive officers. This program was designed to extend beyond the normal 12-month cycle and incorporates both performance-based and market-based incentives that if successful should enhance shareholder value over a two-year period. The objectives under the long term incentive compensation plan are as follows:

*Performance-based Incentive* — Obtain FDA approval for RG1068 by December 31, 2010.

*Market-based Incentive* — Outperform 80% of the NASDAQ Biotechnology Index for the period from June 19, 2009 to March 31, 2011. For purposes of this objective, performance is evaluated using the average closing price for the ten days preceding each of these dates.

Payment will be made upon successful completion of either or both of these objectives. Total amounts that can be earned under these plans are as follows:

	<u>Target as % of Annual Salary</u>	
	<u>Performance-based</u>	<u>Market-based</u>
Chief Executive Officer .....	25%	25%
Vice President .....	15%	15%

Neither the Performance-based Incentive or the Market-based Incentive were achieved and no payments were made under these incentives.

*Equity Incentive Compensation.* Equity grants, generally in the form of stock options that vest over a five-year period, are awarded on a periodic, but not necessarily annual, basis. The Company has historically granted equity compensation in the form of stock options primarily because stock options are an effective tool for motivating executives in the long-term. The equity incentive compensation is granted to the executive officers based on the performance criteria set forth below and is intended both to retain and reward the executive officers and to further align the executive officers' financial interest with long-term shareholder value.

In fiscal 2011, in addition to the performance criteria set forth below, the Compensation Committee considered a number of factors in determining what, if any, equity incentive compensation to grant to the executive officers, including:

- the performance of the Company during the fiscal year;
- the number of shares subject to, and exercise price of, outstanding options, both vested and unvested, held by the executive officers;
- the number of restricted shares held by the executive officers;
- the vesting schedule of the unvested stock options or restricted stock held by the executive officers;
- the financial statement impact of any equity award; and
- the amount and percentage of the total equity on a diluted basis held by the executive officers.

Based on the Compensation Committee's review of fiscal 2010 results, on July 15, 2010, the Company granted options to purchase 50,000 shares of common stock to Dr. Herlihy and 25,000 shares of common stock each to Mr. Kelly, Dr. Rusche and Dr. Witt, respectively.

Drs. Herlihy, Rusche and Witt held stock options to purchase 50,000, 18,000 and 10,000 shares, respectively, of the Company's Common Stock that were issued on April 3, 2001 and were scheduled to expire on April 3, 2011. In lieu of exercising these options, Drs. Herlihy, Rusche and Witt each entered into an agreement with the Company by which they agreed to surrender their options in exchange for a cash payment equal to the difference between (i) the closing price of the Company's Common Stock on March 30, 2011, \$3.70, and (ii) the exercise price, \$2.66, multiplied by the total number of shares subject to the stock option. On March 31, 2011, the Company paid \$52,000, \$18,720 and \$10,400 to Drs. Herlihy, Rusche and Witt, respectively, under these arrangements.

### **Performance Criteria**

Since Repligen is still in the process of developing its proprietary products and because of the highly volatile nature of biopharmaceutical and biotechnology stock in general, it is not appropriate to use the traditional performance standards, such as profit levels and annual stock performance, to measure the success of Repligen and an individual's contribution to that success.

Accordingly, the incentive compensation of executive officers (including the Chief Executive Officer) is based, for the most part, on the achievement of certain goals by Repligen, as a whole, and by the individual (and his or her business unit) concerned. The Compensation Committee therefore examines three specific areas in formulating the compensation packages of its executive officers. Criteria and specific goals within each category are as follows:

#### ***Company Performance:***

- The extent to which key research, clinical, product manufacturing, product sales and financial objectives of Repligen have been met during the preceding fiscal year;
- The development, acquisition and licensing of key technology; and
- The achievement by Repligen of certain milestones, whether specified in agreements with third-party collaborators or determined internally.

***Executive Performance:***

- An executive officer's involvement in and responsibility for the development and implementation of strategic planning and the attainment of strategic objectives of Repligen;
- The involvement of an executive officer in personnel recruitment, retention and morale; and
- The responsibility of the executive officer in working within budgets, controlling costs and other aspects of expense management.

***Other Factors:***

- The necessity of being competitive with companies in the biopharmaceutical and biotechnology industries, taking into account relative company size, stage of development, performance and geographic location, as well as individual responsibilities and performance.

***Achievement of objectives and cash incentive determination:***

The portion of cash incentive tied to corporate results is determined based on evaluation of the percentage completion of the established corporate objectives determined at the beginning of the fiscal year. The ultimate evaluation of achievement is at the sole discretion of the Compensation Committee following discussions with management and is based both on quantitative, objective calculations such as the achievement of certain financial or research milestones, as well as a qualitative assessment which takes into consideration the level of effort, end results, and other contributing internal and external factors that could reasonably be expected to evaluate performance. The objectives are designed to be difficult to achieve 100% completion. These objectives include product development objectives, financial performance objectives and corporate development objectives. The Chief Executive Officer evaluated the actual performance against the performance goals and submitted such evaluation to the Compensation Committee. The Compensation Committee reviewed this evaluation and determined that the aggregate percentage completion of the corporate objectives was 83.0%. The corporate portion of the cash incentive plan for all officers was calculated at this level of achievement.

The following is a summary of the fiscal 2011 corporate objectives and the detailed calculation supporting the achievement of each objective:

<u>2011 Company Goals</u>	<u>Weight</u>	<u>Percent Achieved (as determined by Compensation Committee)</u>	<u>Weight achieved</u>

**Individual Objectives**

In addition to the corporate objectives outlined above, executive officers with the exception of Dr. Herlihy, also have an individual objective component to their annual cash incentive compensation. The performance assessment for the individual objectives of the executive officers is not calculated on a line item basis, but rather represents an overall assessment as to how the executive officer contributed to the success of the Company within their area of responsibility. The individual objectives are designed to be difficult to achieve 100% completion.

As President and Chief Executive Officer, Dr. Herlihy is responsible for overseeing all of our corporate functions, product development and clinical activities and marketing activities. Working in concert with our Board of Directors, Dr. Herlihy formulates current and long-term Company plans and objectives and represents Repligen throughout the market in the business and non-business communities. Because of his role and responsibilities, Dr. Herlihy’s annual cash incentive is generally calculated at the corporate performance rate to closely align his compensation with the Company performance. The Compensation Committee determined that his overall annual cash incentive score should be 83%.

Dr. Rusche is ultimately responsible for providing leadership on all of Repligen’s research and development activities. Specifically, his objectives included supervising all aspects of the manufacture of our drug candidates to support clinical trials, identifying new potential applications for our product candidates, leading our research efforts for the treatment of Friedreich’s ataxia and Spinal Muscular Atrophy, including assessing the suitability of

our existing clinical candidate and evaluating the effectiveness of this candidate in other disease models; driving process development work to assist the growth of our bioprocessing business; supporting our business development initiatives; and representing Repligen to the scientific community as necessary. The overall evaluation of achievement in these factors is both quantitative and qualitative. The Chief Executive Officer evaluated Dr. Rusche's actual performance against his individual objectives and submitted such evaluation to the Compensation Committee, which determined that the aggregate achievement of the individual objectives for Dr. Rusche was 80%.

Dr. Witt is ultimately responsible for managing Repligen's contracts and intellectual property portfolio as well as all Bioprocessing manufacturing operations. Specifically, his objectives included evaluating and in-licensing intellectual property to support the development of our product candidates; delivering on production and gross margin targets, ensuring product quality and on-time delivery to customers; and supporting our business development initiatives. The overall evaluation of achievement in these factors is both quantitative and qualitative. The Chief Executive Officer evaluated Dr. Witt's actual performance against his individual objectives and submitted such evaluation to the Compensation Committee, which determined that the aggregate achievement of the individual objectives for Dr. Witt was 84%.

Mr. Kelly is ultimately responsible for Repligen's finance and administration activities. Specifically, his objectives included leading our financial reporting, compliance and financial planning and analysis activities; maintaining and improving our human resource and information technology infrastructures; supporting our business development initiatives; and overseeing our facility and administrative activities. The overall evaluation of achievement in these factors is both quantitative and qualitative. The Chief Executive Officer evaluated Mr. Kelly's actual performance against his individual objectives and submitted such evaluation to the Compensation Committee, which determined that the aggregate achievement of the individual objectives for Mr. Kelly was 82%.

- Dr. Herlihy's cash incentive of \$159,153 was calculated based on an overall achievement of 83.0% as discussed above.
- Dr. Rusche's cash incentive of \$63,313 was calculated by an individual results achievement of 80% and corporate results achievement of 83.0% for an overall achievement of 81.8%.
- Dr. Witt's cash incentive of \$53,793 was calculated by an individual results achievement of 84% and corporate results achievement of 83.0% for an overall achievement of 83.4%.
- Mr. Kelly's cash incentive of \$49,560 was calculated by an individual results achievement of 82% and corporate results achievement of 83.0% for an overall achievement of 82.6%.

### **Other Compensation**

*Dr. Witt.* Under the terms of the Witt Agreement, Dr. Witt is entitled to a minimum salary of \$115,000 per annum, subject to periodic increases at the discretion of the Board. Additionally, Dr. Witt is eligible for participation in all of Repligen's welfare, profit sharing, retirement and savings plans on the same basis as other employees of Repligen. Dr. Witt received a stock option to purchase 60,000 shares of the Common Stock at \$1.25 per share, vesting at 20% per annum over five years pursuant to the Witt Agreement. Dr. Witt's employment may be terminated, with or without cause, by either party upon 30 days prior written notice. In such event, Dr. Witt would be entitled to continue receiving his salary for a period of six months or until he finds other employment, whichever occurs first. In addition, 50% of any unvested options owned by Dr. Witt vest immediately upon notice of termination of employment or a change in control of Repligen.

*Mr. Kelly.* On February 29, 2008, Repligen entered into an offer letter ("Offer Letter") for employment with Mr. Kelly. Mr. Kelly's arrangement with Repligen provides for employment "at will" with an initial base salary of \$190,000 per year and participation in Repligen's Executive Incentive Compensation Plan with a target bonus of 25% of base salary. On March 31, 2008, Mr. Kelly was granted a stock option exercisable for 100,000 shares of Repligen's Common Stock at \$4.82 per share, vesting over a five-year period. On March 31, 2008, Mr. Kelly was granted 5,000 shares of restricted Repligen common stock which vest one year from the date of grant. Mr. Kelly is eligible for participation in any and all benefit programs that Repligen makes available to its employees, including health, dental and life insurance to the extent that he meets applicable eligibility requirements. Mr. Kelly is entitled to four weeks paid vacation yearly.

Ernst & Young LLP has served as the Company's independent registered public accounting firm since 2002. In accordance with standing policy, Ernst & Young LLP periodically changes the personnel who work on the audits of Repligen.

#### Fees

The following sets forth the aggregate fees billed by Ernst & Young LLP to the Company during the fiscal years ended March 31, 2011 and 2010:

Tax Fees .....	26,000	16,000
Other Fees .....	2,000	2,000
Total .....	<u>\$292,000</u>	<u>\$285,000</u>

#### *Audit Fees*

Fees paid for audit services were approximately \$264,000 for the fiscal year ended March 31, 2011 and \$267,000 for fiscal year ended March 31, 2010. These included fees associated with the annual audit, the reviews of the Company's quarterly reports on Form 10-Q, and fees related to filings with the SEC.

#### *Audit Related Fees*

Ernst & Young LLP billed no fees for the last two years for assurance and related services that are reasonably related to the performance of the audit or review of the financial statements and are not otherwise reported above.

The Audit Committee of the Board has implemented procedures under the Company's Audit Committee Pre-Approval Policy for Audit and Non-Audit Services (the "Pre-Approval Policy") to ensure that all audit and permitted non-audit services provided to the Company are approved by the Audit Committee. Specifically, the Audit Committee pre-approves the use of Ernst & Young LLP for specific audit and non-audit services, within approved monetary limits. If a proposed service has not been pre-approved pursuant to the Pre-Approval Policy, then it must be specifically pre-approved by the Audit Committee before Ernst & Young LLP may provide the services. Any pre-approved services exceeding the limits pre-approved by the Audit Committee must again be pre-approved by the Audit Committee. Following the effectiveness of the rules regarding Audit Committee pre-approval, all of the audit-related, tax and all other services provided by Ernst & Young LLP to the Company

for the fiscal year ended March 31, 2011 were approved by the Audit Committee by means of a specific pre-approval or pursuant to the procedures contained in the Pre-Approval Policy. All non-audit services provided in the fiscal year ended March 31, 2011 were reviewed with the Audit Committee, which concluded that the provisions of such services by Ernst & Young LLP was compatible with the maintenance of that firm's independence in the conduct of its auditing functions.

In connection with the audits for the period ending March 31, 2010, there were no disagreements with Ernst & Young LLP on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which, if not resolved to the satisfaction of Ernst & Young LLP, would have caused them to refer to such disagreement in connection with their report.

A member of Ernst & Young LLP will be present at the Annual Meeting with the opportunity to make a statement if so desired and will be available to respond to appropriate questions.

**Accordingly, the Board believes ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the current year is in the best interests of the Company and its shareholders and recommends a vote FOR this Item 2.**

### ITEM 3

#### ADVISORY VOTE ON EXECUTIVE COMPENSATION

The recently enacted Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, or the Dodd-Frank Act, enables our stockholders to vote to approve, on an advisory basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with the SEC's rules.

As described in the sections entitled "Compensation Discussion and Analysis" and "Director and Executive Compensation" beginning on page 19, our executive compensation program is designed to attract, retain, and motivate talented individuals with the executive experience and leadership skills necessary for us to increase stockholder value. We seek to provide near-term and long-term financial incentives that reward executives when strategic corporate objectives designed to increase long-term stockholder value are achieved. Our compensation philosophy emphasizes a pay for performance culture focused on the long-term interests of our stockholders and our executives. We believe that this alignment between executive compensation and stockholder interests has driven corporate performance over time.

**Accordingly, we are asking our stockholders to vote FOR the following non-binding, advisory resolution on the approval of the compensation of the Company's named executive officers as disclosed in this proxy statement:**

"RESOLVED, that the shareholders of the Company approve the compensation of the Company's named executive officers, as disclosed in this Proxy Statement, including the Compensation Discussion and Analysis, compensation tables and narrative discussion."

Before you vote, we urge you to read the Compensation Discussion and Analysis and Executive Compensation sections of this Proxy Statement for additional details on the Company's executive compensation, including its governance, framework, components, and the compensation decisions for the named executive officers for fiscal year 2011.

As an advisory vote, the results of this vote will not be binding on the Board or the Company. However, the Board of Directors values the opinions of our stockholders, and will consider the outcome of the vote when making future decisions on the compensation of our named executive officers and the Company's executive compensation principles, policies and procedures.

**The Board of Directors recommends that stockholders vote FOR approval, on an advisory basis, of the compensation of the Company's named executive officers, as disclosed in this proxy statement, including the Compensation Discussion and Analysis, compensation tables and narrative discussion.**

## ITEM 4

### ADVISORY VOTE ON THE FREQUENCY OF AN ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Dodd-Frank Act also enables our stockholders to indicate how frequently we should seek an advisory vote on the compensation of our named executive officers, as disclosed pursuant to the SEC's compensation disclosure rules. By voting on this Item 4, stockholders may indicate whether they would prefer an advisory vote on named executive officer compensation once every one, two, or three years, or abstain from voting altogether. As an advisory vote, the results of this vote will not be binding on the Board or the Company.

**After consideration of this Proposal, our Board has determined that an advisory vote on executive compensation that occurs every year is the most appropriate alternative for the Company, and therefore our Board recommends that you vote for a one-year interval for the advisory vote on executive compensation.**

In formulating its recommendation, our Board considered that an annual advisory vote on executive compensation will allow our stockholders to provide us with more timely input on the compensation of our named executive officers as disclosed in the proxy statement. We understand that our stockholders may have different views as to what is the best approach for the Company, and we look forward to hearing from our stockholders on this Proposal.

You may cast your vote on your preferred voting frequency by choosing the option of one year, two years, three years or you may abstain when you vote in response to this Item 4.

**Therefore, the Board of Directors recommends that stockholders vote, in an advisory manner, to hold an advisory vote on the compensation of the Company's named executive officers EVERY (1) YEAR.**

## ADDITIONAL INFORMATION

### Stockholder Proposals

Repligen must receive any proposal by a stockholder of Repligen for inclusion in the proxy statement furnished to all stockholders entitled to vote at our 2012 Annual Meeting of Stockholders at our principal executive office not later than April 7, 2012 in accordance with Rule 14a-8 issued under the Exchange Act.

If a stockholder who wishes to present a proposal at the 2012 Annual Meeting (which is not otherwise submitted for inclusion in the proxy statement in accordance with the preceding paragraph) fails to notify the Company by June 21, 2012 and such proposal is brought before the 2012 Annual Meeting, then under the SEC's proxy rules, if the proxy statement or form of proxy for the 2012 Annual Meeting so provides, the proxies solicited by management with respect to the 2012 Annual Meeting will confer discretionary voting authority with respect to the stockholder's proposal on the persons selected by management to vote the proxies. If a stockholder makes a timely notification, the proxies may still exercise discretionary voting authority under circumstances consistent with the SEC's proxy rules.

Any proposal intended to be presented at the 2012 Annual Meeting must also comply with the other requirements of the proxy solicitation rules of the SEC. In order to curtail any controversy as to the date on which a proposal was received by Repligen, it is suggested that proponents submit their proposal by Certified Mail, Return Receipt Requested or other means, including electronic means that permit them to prove date of delivery.

### Other Business

Management does not know of any other matters to be brought before the Annual Meeting except those set forth in the notice thereof. If other business is properly presented for consideration at the Meeting, it is intended that the Proxies will be voted by the persons named therein in accordance with their judgment on such matters.

### Voting Proxies

The Board of Directors recommends an affirmative vote on all proposals specified. Proxies will be voted as specified. If authorized proxies are submitted without specifying an affirmative or negative vote on any proposal, the shares represented by such proxies will be voted in favor of the Board of Directors' recommendations.
