Melamine and BPA Statement for OPUS® Pre-packed Chromatography Columns

Repligen manufactures OPUS pre-packed chromatography columns in the United States of America and the Netherlands using plastics sourced from qualified suppliers. This statement is inclusive of all OPUS products ≥ 2.5 cm internal diameter in size.

De-formulation testing performed on the OPUS fluid contacting components did not detect any melamine or Bisphenol A (BPA) related compounds.

Sincerely,

Kevin Fitzgerald
Director of Quality
